Identity Cards

Reference your D.339 of the 24th March.

1. We note that 7480 and 7474 suggest that it would be possible to fake the signatures of the various Police Chiefs concerned as they are living underground, but we feel that this would be rather a risky procedure for there must be Identity Cards in existence with their signatures.

2. This matter has been discussed with both 7405 and 7497, who both take the view that the risk of faking these signatures is not justifiable.

3. I should be very grateful if you could procure one or two Identity Cards from the larger towns in JUTLAND. Even if we only had the Cards on loan for a short time, it would be sufficient for us to be able to make the necessary fac-similes over here.
